BE SMART, BE TOLERANT!

Erasmus+ KA2 project

PROJECT IDEA

The project aims to develop a training kit for young people and youth workers to help them better respond to the challenges generated by the phenomenon of spreading fake news that affects us more and more intensely.

KICK- OFF MEETING

Project kick off meeting took place in the beginning of April 2023 in Targu Jiu, Romania. During this intensive meeting, project partners seized the opportunity to deepen our understanding of each other & fostering stronger partnerships.

Co-funded by the European Union

Project "Be smart, be tolerant! (BEST)" is co-funded by the Erasmus+ programme. The project number: 2022-2-RO01-KA220-YOU-000099705

PROJECT RESULTS

To reach project goals, partnerships will develop a “BEST” training kit for youth workers to help them in developing their skills to identify fake news, promoting active citizenship and involving young people in combating fake news.

Besides the "BEST" toolkit 4 animated videos will be developed aiming to inspire and motivate young people to get involved in identifying fake news around them and helping to limit the spread of fake news

UPCOMING ACTIVITIES

2 learning activities are planned to in Limassol, Cyprus and Bologna, Italy to introduce developed toolkit chapters to youth workers, develop their skills and receive the feedback and suggestions for continuous improvement.

Stay tuned for more updates as we continue this inspiring journey, united by a shared commitment to combating misinformation and fostering a culture of tolerance and awareness!
