## THE GUIDEBOOK

The project partnership has developed a "BEST" training kit for youth workers to help them in developing their skills to identify fake news, promoting active citizenship and involving young people in combating fake news.

You can download the guidebook in English, Romanian, Italian and Greek by scanning the QR code on the right or clicking the link [here](#).

## THE PROJECT

The Erasmus+ KA2 project "Be smart, be tolerant (BEST)" aims to increase the capacity of youth workers to carry out activities that develop young people's skills to identify fake news and motivate them to get involved in combating this phenomenon.

To do project aims to develop critical thinking abilities among youth workers and youth, empowering them to assess information critically, discern credible sources, and evaluate the reliability of news content.

## THE VIDEOS

Besides the "BEST" toolkit 4 animated videos was created aiming to inspire and motivate young people to get involved in identifying fake news around them and helping to limit the spread of fake news.
